### Arizona Integrated Predictive Maintenance Chapter of the Vibration Institute

Vendor Day is a mini-trade show, providing an opportunity for **end users** of **predictive maintenance** instrumentation and services to meet with expert representatives from instrument manufacturers and service providers, as well as many industry peers. Vendor Day has the added feature of a mini-conference. Multiple sessions are scheduled with technical discussions being presented throughout the day. Presentations focus on a variety of topics but most are presentations by exhibiting vendors allowing them the opportunity to demonstrate their technology and products.

**Registration fees for attendees at the Vendor Day event are FREE!!! Snacks and lunch are included.**

**Please visit us online at [www.aipdm.org](http://www.aipdm.org) to register today!**
